## THE FEDERAL ARMY MOVING

THROUGH VIRGINIA!

The ship Ringleader arrived on Thursday P. M. 12 days from San Francisco bringing Whitney's Honolulu Express and a small mail. The news of the advance of the Federal army through Virginia under Gen. McClellan, and the capture of

The steamer Nashville has succeeded in running the blockade on her return from Englandthe sharpest feat of the war. The News.

Manassas, if true, are highly important.

After a lapse of eight days, says the Alta of the 14th, telegraphic communication with the East was resumed yesterday, and we are therefore enabled to lay before our readers a large batch of interesting intelligence. It is but one day later than previous advices, reaching only to the evening of the 5th. The arrest of John Miner Botts and other Unionists in Richmond, is proof at least of the existence of s strong Union feeling in the Southern States. When the Federal troops are within easy range of that city, many a loyal flag will be flung to the breeze. No events of striking importance are reported in our dispatches to day. Eight days news, however, are behind hand. Something important must have transpired in that interval.

Dates of March 5th and 6th. CHICAGO, March 5 .- Columbus is now garrisoned by two thousand Federal infantry and four hundred

Louisville, March 5 - No passes hereafter will be required to any part of Kentucky. The Nashville Times, of the 1st, is informed that James A. Sedden of Virginia, is made rebel Secretary of State, vice Hunter. The bridges on the Nashville and Decatur Railroad were burned and destroyed. Great excitement prevails south of Nashville, large numbers flying further South.

WASHINGTON, March 5 .- Andrew Johnson has formally accepted the Military Governorship of Tennessec, with all the powers, duties, and functions pertaining to the office, during the pleasure of the President or until the loyal inhabitants of the State form a civil government. His nomination as Brigadier was confirmed by the Senate unanimously.

BALTIMORE, March 5,-A letter from Fortress Monroe says a Richmond dispatch yesterday announced that the steamer Nashville came direct from Southampton to the North Carolina ceast, approached a blockading vessel, with the Union flig flying, went directly under her guns, almost within hailing distance, and after passing, the Nashville raised the rebel flag and steamed directly for Fort Macon.

The blockading vessel immediately started in pursuit, following her until within range of the guns of the fort Several shots were fired at the Nashville, but nobody was hurt. She claims to have brought into Williamton a valuable cargo of bank note and printing paper.

The Dispatch calls attention to mysterious placard; indicating Union conspirators at work. Summary measures to check the progress of treason, and the arrest and execution of the conspirators, are urged. Colonels Corcoran and Wilcox arrivel at Richmond, and it is thought that they will be held as hostages for Buckner and Tilghman. There was a great panic at Ric mond, caused by the recent defeats. The leading traitors exhibit the greatest tre-

Martial law has been proclaimed in Richmond and the adjoining counties for ten miles around. CHICAGO, March 5-8:20 P. M .- Simonton telegraphs that Latham goes to New York to-morrow, to urge the Overland Mail Board to re establish the peny, and will probably succeed, as the Company are

deeply indebted to his Senatorial assistance.

New York, March 5 .- The steamer Ericson, from Port Royal on the 1st, has arrived. A passenger from Savannah reports 20,000 rebel troops there. Cuicago, March 5th-P. M -Summer introduced in Seaste a bill for regulating the carrying of the foreign mails, when Latham pitched into the Vanderbilt line, with terrible earnestness, contending that Aspinwall steamers ought not to be allowed to clear at the Custom House, or have the protection of the American flag, if they persisted in refusing to

every the mails. The gunbeat Saxon from Ship Island, February 22nd, has also arrived. She reports that the U. S. steamer South Carolina captured the rebel steam r Magnolia, when attempting to run out from Mobile. She had 4,000 bales of cotton on hoard. The Magnolia's engineer attempted to blow her up, but failed in the attempt.

Andy Johnson and Representatives Maynard and Etheridge leave to-day for Tennessee. Johnson, immediately on his arrival at Nashville, will call on the loyal citizens of the State to elect delegates to a Convention for the purpose of declaring the vacant places of Gov. Harris and his rebel associates, and electing new officers in their

The people in the South were warmly urging and demanding that Jeff. Davis take the field. A bitter contest was going on at Memphis as to whether the town should be burned on the approach

of the Federal gunbeats. Louisville, March 5 .- The Senate of Kentucky has passed a bill, 19 to 4, which provides that any citizen who joins the rebel cause, or continues in it after the passage of the act, shall be deemed to have expatriated himself, and shall no longer be a citizen of Kentucky, except by special act of the Legislature. A private letter from New Orleans says, there is no doubt, that on the approach of the Federals, the city

will be surrendered without fighting. CAIRO, March 6 .- Federal pickets were driven in below Columbus yesterday by rebel cavalry numbering 80. The wo as in the vicinity had been shelled by the gunboats. The rebel army at that point numbers 40,000, having been largely reinforced from Columbus. They have also 8 wooden gunboats. Our forces under Gen. Pope are supposed to be somewhere in that vicinity. The Bulletin of March 14 says:-The following dispatch is stated to have been received by the

Call to-day: Sr. Louis, March 2. (probably 12.) Advices have been received of the complete rout of the rebels at Manassas, the scene of the former reverses of the Federal troops. The rebels abandoned guns, ammunition, and all their military

stores in their flight. Gen. Bragg has evacuated Pensacola, and gone to Norfolk.

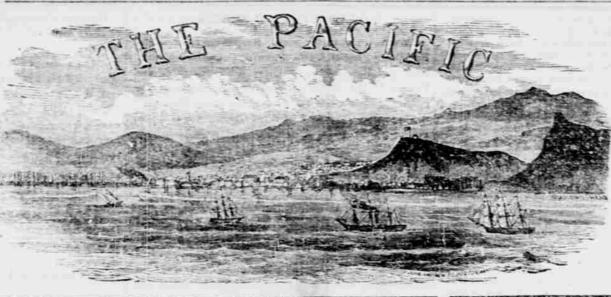

Gen. Fremont has been assigned a command. We have received the following memorandum

from Adjutant-General Drum. The President telegraphs that Major General McClelian has taken the field at the head of the army of the Potomac, and that all reports will be

made to the seat of war. Telegrams received at office of Alta California, up to 10 o'clock A. M., March 14.

themselves towards the citizens in a most unexceptionable manner. Communication between Nashville and Louisville by railroad will be resumed in day or

WASHINGTON, March 7 .- The following Resolution was transmitted by the President to Congress in a Message yesterday. Resolved, that the United States ought to co-operate with any State which may adopt gradual abolition of Slavery, giving such State pecu- Physician and Surgeon, Makee's Block, corner Queen and Kaa niary aid, to be used at its discretion to compensate for the inconvenience to the public and private products by such a change of systems. The President while urging the adoption of the resolution sets up no claim to interfere with Slavery within State limits.

The action of Congress to be simply advisory. March 7, Smithsfield, near Charleston, Virginja, was occupied by the federal troops. The Postmaster General had complained to

Congress in regard to Vanderbilt's refusal to carry the South American Mails. Gen. Lander was buried in Lexington March, with appropriate ceremonies.

The rebel army of the Potomac consists of 50,000 infantry, 11,000 cavalry, 120 pieces of artillery. 15,000 at Greenspring near Centreville. Three regiments of infantry and a squadron of cavalry at Leesburg, three regiments of

AKAROA, New Zealand, Lat. (Middle Head), 43° 48' 34" S., long. 172° 59' 47" E. THIS EXCELLENT HARBOR IS SITUATED at the S.K. end of Banks' Peninsula. Latitude (Middle at the S.E. end of Banks' Peninsula. Latitude (Middle Head) 43° 49' 34" S., long. 172° 59' 47" E. High water F. and c. 3 hours 24 minutes.

The heads are remarkably bold and high. The 8, head is much the higher, with a reef running off a short distance; off the N, head is a large flat rock, called the longboat. The breadth of the entrance is about three-quarters of a mile; the course in is N.W. at first, and then the harbor turns nearly due N. Great caution must be observed in entering with a S.W. wind, as it rushes in baffling and heavy squalls over the land wind, as it rushes in bailing and heavy squals over the and above the 8, head, which rises to a height between 1500 and 2000 feet. Depth of water, 14 faths us inside the heads. The usual anchorage is on the E. shore, about 5 miles up, in the first bay, with a row of houses on the beach, in 5 to 8 fathoms. Give a good berth to Green's Point before entering this bay, as a reef extends about one-eighth of a mne off it. The shores are bold to throughout. If a hot wind is blowing from N.W., do not attempt to enter, as it is dead out and very puffy off the land. Running in with a strong S.W. wind (by which the hot wind is always followed.) keep under low canvas, lower lifts well tast, and fore topmast staysail up. Willie-waws are sometimes to be experienced when between the highest lands, about 1 mile to 13 miles inside. When you have all the town open you are abreast of Green's Point. The best and most convenient berth is Green's Point on, with the next point of a little bay S. of it, and the sonthermost house on the beach, with three dermest and the southernmost house on the beach, with three dormer windows on the roof, (Bruce's Hotel,) on with the low building to the westward of it, i mile off shore, in 3 fathoms.
